

CHAIRMAN'S STATEMENT

Dear Shareholder

For the nine months ended June 30, 2016, the Bank recorded Net Profit after Tax of \$2.432 million, a slight improvement over the \$2.394 million for the corresponding period last year.

Economic activity in recent months is estimated to have expanded further following a strong 4.6% expansion in 2015. However, the initial financial shocks following the recent Brexit vote serve as a sobering reminder of the volatility of the global economy and its potential impact on the local tourism industry.

During the last quarter, the parent company – Republic Financial Holdings Limited - made an offer to acquire the remaining shares of the Bank. They were successful in acquiring an additional 19%, taking their shareholding to 70%, resulting in a disbursement of \$12.826 million to former shareholders.

Based on the Bank's performance for the period, and barring any major downside effects to the economy, we anticipate a moderately improved return for fiscal 2016.
